OF

THE SYNDICATE,

FOR THE YEAR, 1866-67.

No. 1.

The 26th May.

Present :—

THE LORD BISHOP, *in the Chair.*
THE HON'BLE L. S. JACKSON.
MR. PARTRIDGE.
MR. SUTCLIFFE.

1. The appointment by the President of the Faculty of Arts of Mr. Woodrow, to act for Mr. Atkinson as a Member of the Syndicate, was ordered to be recorded.

2. The appointment by the President of the Faculty of Engineering of Mr. Sutcliffe, to act as a Member of the Syndicate for Major Chesney, was ordered to be recorded.

3. Read proceedings of the Faculty of Medicine, No. 4, of 20th April, para. 94. Read also the following resolution of the Faculty :—

"That the Faculty request the Syndicate and Senate to address the Chancellor of this University, soliciting that Her Majesty the Queen may be supplicated to confer upon the Graduates of this University all such social rank, precedence, and immunities as have, from time to time, been conferred by Royal Mandate upon Graduates of British Universities."

RESOLVED :—

That the consideration of the question discussed in these proceedings, together with the resolution of the Faculty, be postponed till the return of the Hon'ble the Vice-Chancellor to Calcutta.

4. Read proceedings of the Faculty of Medicine, No. 4, of 20th April, paras. 96 and 97, together with the following resolution :—

"That, with the sanction of the Syndicate, a letter be addressed to the President of the British Medical Council setting forth the fact, that the Medical Degrees and Licences of this University are not recognised by the Medical Council, although their holders are fully equal in scientific and professional qualifications to the Graduates and Licentiates of any of the Universities of the United Kingdom, and requesting that such Degrees and Licences may, in future, be entitled to Registration."

RESOLVED :—

That a copy of the Calendar be sent to the President of the British Medical Council, together with a letter directing the attention of the Council to the regulations and standards of the Examinations for Licences and Degrees in Medicine of this University, and requesting that, as the scientific and professional qualifications of the Graduates and Licentiates of the Calcutta University are fully equal to those of Graduates and Licentiates of any of the Universities of the United Kingdom, such Licences and Degrees may, in future, be declared to be entitled to Registration.

5. The Syndicate proceeded to consider the following proposal by Mr. Atkinson, Director of Public Instruction in Bengal—

"That the volume, containing the course for the Entrance Examination in English, be issued 15 months before the Examination, and not earlier."

RESOLVED :—

That the Syndicate do not consider it desirable at the present time to make any alteration in the practice of issu-

ing the volume containing the Entrance Course in English, two years before the Examination.

6. Read a letter, No. 1833, of 1st May, from Mr. Atkinson, Director of Public Instruction in Bengal, requesting the opinion of the Syndicate "as to the propriety of extending to pupil teachers in Normal Schools the privilege allowed to Schoolmasters, as regards admission to the First Arts and B. A. Examinations."

RESOLVED :—

That the Syndicate cannot recommend the extension of the privileges in question to pupil teachers of Normal Schools.

7. Read Memo. No. 2035 of 19th May, from the Director of Public Instruction in Bengal forwarding letter No. 443, of 9th April, 1866 from the Officiating Principal of the Medical College, and letter No. 768 of 8th May, from the Secretary, Government of Bengal, and requesting the opinion of the Syndicate on the subject of giving annually a question on Hygiene in the University Examinations.

RESOLVED :—

That the correspondence be referred to the Faculty of Medicine for report.

8. Read a letter dated 3rd May, from the Rev. B. Boake, Principal of Queen's College, Colombo.

ORDERED :—

To be recorded.

9. Read a Minute from the Hon'ble the Lieutenant-Governor of Bengal, calling the attention of the Syndicate to the number of candidates who offer themselves for the Examinations without any chance of passing, and thereby waste the Examiners' time, and increase the difficulty of conducting the Examinations.

ORDERED:—

That His Honor's Minute be circulated among the members of the Syndicate, and considered at the next meeting.

No. 2.

The 30th June.

Present :—

THE LORD BISHOP, *in the Chair.*
THE HON'BLE L. S. JACKSON.
MR. WOODROW.
BABOO RAJENDRA LÁLA MITRA.
MR. PARTRIDGE.
MR. SUTCLIFFE.

10. Read the following report of the Board of Examiners for the Licence in Civil Engineering—

Calcutta, 30*th June*, 1866.

SIR,—We have the honor to report, for the information of the Vice-Chancellor and Syndicate, that the Examination for a Licence in Civil Engineering has been conducted in accordance with the Regulations. Nine candidates were examined, and we regret to say that all of them failed to attain the standard required for passing.

We have the honor to be,
SIR,
Your most obedient Servants,

(Signed) E. C. S. WILLIAMS,
" J. M. SCOTT,
" J. SUTCLIFFE,
" F. N. MACNAMARA,
" H. F. BLANFORD

Read also a letter from Captain Williams, remarking on the result of the Examination, and suggesting certain alterations in the Regulations of the University, which would, in his opinion, be likely to lead to more satisfactory results.

ORDERED :—

That the report of the Examiners be confirmed, and that a copy of Captain Williams' letter be sent to the Principal of the Presidency College for information.

11. Read the following Minute by His Honor the Lieutenant-Governor of Bengal on the results of the recent University Examinations in Arts :—

I have been looking over the printed results of the recent University Examinations in Arts :—

For the Entrance Examination there were 1500 candidates, of whom only 510 or 34 per cent. passed. Of these only 59 or say, 4 per cent. passed for the 1st Division, and 451, or say, 30 per cent. for the 2nd Division.

It argues something wrong that two out of every three candidates should be rejected altogether, and that only 1 out of every 25 candidates should find a place in the 1st Division.

Out of the 990 rejected candidates, 29 were absent from the Examination. Of the remaining 961, no less than 733 failed in English, and 633 in Mathematics. The failures in History and Geography and in the native languages were much fewer.

The candidates came from 169 Schools. Of these, 50 sent 160 candidates, of whom *not one was successful.*

The most notable instance of this is the Bancoorah School, which sent 18 candidates, all of whom were rejected.

There are other cases almost as bad. Thus the Bauleah School sent 19 candidates, of whom only 6 passed; the Beerbhoom School 20, of whom only 11 passed; the Berhampore School 38, of whom 15 passed; the Bhaugulpore School 12, of whom 3 passed; and several more of the same kind. Of 37 private students, only 4 were successful, and of 22 Teachers, only 3 succeeded. These facts seem to indicate the necessity of imposing some check on the admission of candidates for En-

trance. No candidate should be admitted who cannot produce a certificate from some known qualified teacher, that he is fit for Examination, and likely to pass ; and some notice should be taken of teachers who are too facile in giving certificates.

The Director of Public Instruction might make some enquiry into the case of Government schools in. Bengal, of which the result of the Examination indicates defective teaching or undue facility in permitting boys to try for the Entrance Examination: but the remedy lies chiefly in the hands of the University authorities, and it seems to me necessary that some steps should be taken to exclude from the Examination candidates, of whom there is no reasonable likelihood that they will pass.

I am inclined to think that the Examination fee might be raised.

For the First Examination in Arts there were 446 candidates, of whom 202, or say, 45 per cent. passed, 28, or say, 6 per cent only being in the first division.

Of the 244 rejected candidates, 7 were absent, and of the remaining 237, no less than 204 failed in English. I observe that out of 26 candidates from the Cathedral Mission College only 4 passed. That is the worst case, but even of the 108 Presidency College candidates, only 56, or about 52 per cent., were successful. There must have been many examined, who had not a chance of passing, and who ought not to have been allowed to go up.

The results of the B. A. Examination, as might be expected, are better, for out of 122 candidates 79, or say, 64 per cent. passed, though of these only 20, or say, 16 per cent. were placed in the first division. The failures were chiefly in English and in Mental and Moral Science; only 15 failed in Mathematics.

Fifteen students have gained the M. A. Degree, but the number of unsuccessful candidates does not appear. This result is satisfactory.

May 16*th*, 1866. C. BEADON.

RESOLVED:—

That the Syndicate are of opinion, that it is desirable to impose some check on the admission of candidates to the Entrance Examination, who are not, in the opinion of their Teachers, likely to pass; and with this view they recommend, that the following form of certificate be required from Entrance candidates at all future Examinations, in lieu of that now prescribed by the Regulations:—

FORM OF CERTIFICATE.

This Certificate is to be signed by the Principal or Head-master of the College or School at which the Candidate has been or is being educated, or, if he be a private* student, by the Deputy Inspector of Schools of the District in which he resides.

I certify that the abovenamed Candidate has, to the best of my belief, attained the age of 16 years, that I know nothing against his moral character, that he has not already passed the Entrance Examination of the Calcutta University, that there is in my opinion a reasonable probability of his now passing it, and that he has signed the above application.

(2) That a meeting of the Senate be convened during the month of July, and the preceding resolution submitted for sanction.

12. Read the following letter from the Secretary to the Government of India, regarding Mr. Premchund Roychund's donation:—

No. 1334.

FROM A. M. MONTEATH, ESQ.,

Under-Secretary to the Government of India.

To J. SUTCLIFFE, ESQ.,

Registrar of the Calcutta University.

Dated Simla, the 31*st May*, 1866.

SIR.—In reply to your letter No. 630, dated the 2nd of May, I am directed to state that Mr. Premchund Roychund announced his intention to pay, and on the 9th of last February paid over, two lakhs of Rupees to the Government of India in such a manner as to constitute this Government a Trustee in the matter of his gift for the University of Calcutta. But the

* Private Student:—One who has attended at no Educational Institution for six months before the Examination.

nature of the trust was not indicated, and accordingly some time since Mr. Premchund Roychund was informed of the conditions upon which, in case the trust was to be actively exercised by the Governor-General in Council, the Government would undertake it. A considerable time elapsed before any reply was received, and the Governor-General in Council was on the point of stating to the Vice-Chancellor and Syndicate that he considered himself justified in inferring that the trust constituted was merely one for transferring the money to the University, when a communication reached the Government of India from Mr. Premchund Roychund in exact accordance with the conclusion which it had arrived at.

2. Mr. Premchund Roychund states that he wishes the money to be paid over to the University, to be held by it as a Body Corporate under Section 2, of Act II. of 1857. The Governor-General in Council is, therefore, prepared to transfer the two lakhs of Rupees to the University of Calcutta in such manner, and at such time, as the Vice-Chancellor and Syndicate may request.

3. I am directed to add the following extract from Mr. Premchund Roychund's letter.

"It appeared to me most expedient for the interests of the University, to make my offer as general as possible and unshackled by any condition, in order that the two lakhs of Rupees might be expended in such manner as the Senate should deem most conducive to the objects of the University; nor should I venture to suggest any restriction now as to the disposal of the money, further than to give expression to the hope I always entertained, that the money should be devoted to some *one large object*, or to *a portion of some large object* for which it might be itself insufficient. Such a desideratum, if at present not felt, will no doubt arise with the development of the University."

I have the honor to be,

Sir,

Your most obedient Servant,

A. M. MONTEATH,

Under-Secretary to Govt. of India.

RESOLVED :—

That a special meeting of the Syndicate be held on the 7th July, to discuss any modes of appropriating Mr. Premchund's donation, which individual members may suggest.

13. Read the following proceedings of a Meeting of the Committee of the Duff Memorial Fund held at the Bishop's Palace on Thursday, the 22nd February, 1866.

PROCEEDINGS.

At a meeting of the Committee of the Duff Memorial Fund held at the Bishop's Palace, on Thursday the 22nd February, 1866.

Present :—The Right Reverend the Lord Bishop in the Chair, the Hon'ble W. S. Seton-Karr, Rev. K. M. Banerjee, Manickjee Rustomjee, Esq. Moulovi Abdool Luteef Khan Bahadoor, and Baboo Khetter Mohun Chatterjee.

The Secretary submitted a Memorandum of the accounts, and urged the necessity of taking measures to bring the work of the Committee to some termination. He suggested that the amount subscribed should be handed over to the Rev. Mr. Fyfe of the Free Church Institution, for the foundation of Scholarships in that Institution in honor of Dr. Duff.

On the motion of the Hon'ble W. S. Seton-Karr, it was resolved, that a meeting of the subscribers to the Fund be called to decide upon the ultimate disposal of the amount subscribed.

It was also resolved, on the motion of the Rev. K. M. Banerjee, that this meeting of subscribers be called by public advertisement in the newspapers.

On the motion of the Right Rev. the Lord Bishop, it was also resolved, that the following disposition of the Funds be recommended to the subscribers for their adoption.

1. The Secretaries shall invest the money in Government paper, and transfer it to the University of Calcutta on the following conditions, viz. :—

2. The interest of the money shall be applied to establish—

I. A Scholarship of R. 15 a month, tenable for one year by

the student who shall obtain in the First Arts Examination the highest number of marks for Languages.

II. A Scholarship of Rs. 15 a month, tenable for one year by the student who shall obtain in the First Arts Examination the highest number of marks for Mathematics.

III. A Scholarship of Rs. 15 a month, tenable for one year by the student, who, having been educated for at least one year in the Free Kirk Institution, shall obtain the highest number of marks in all the subjects of the First Arts Examination taken together.

IV. A Scholarship of Rs. 15 a month, tenable for one year by the student, who, being a Christian in religion and having been educated for at least one year in any of the affiliated institutions for the education of Europeans and Eurasians, shall obtain the highest number of marks in all the subjects of the First Arts Examination together.

3. The above Scholarships shall be called "Duff Scholarships," and shall be tenable with any other Scholarships.

4. The surplus of the Funds, after paying any small incidental expenses, shall be suffered to accumulate, and used for the purpose of giving rewards to any students of the University, who shall pass with credit in the Evidences of Revealed Religion, Natural Theology, and Moral Philosophy in the Examination for Honors or for the Degree of M. A., such rewards to be called "Duff Prizes."

5. Should the accumulations appear to the Syndicate greater than is necessary to carry out Rule 4, they may add to the value of the Duff Scholarships or increase their number.

6. The Syndicate shall have the power of putting a fair interpretation on any doubtful point in the above rules.

G. E. L. CALCUTTA,
Chairman.

Read also proceedings of a Meeting of the subscribers of the Duff Memorial Fund on the 6th April, 1866, confirming the disposal of the Funds in the manner recommended by the Committee.

RESOLVED :—

That the Secretary to the Committee be informed, that the Syndicate thankfully accept the proposed Scholarships on the terms laid down in the proceedings, and that a meeting of the Senate will be convened on an early day to confirm the acceptance of the Committee's offer.

14. Read a letter from the Rector of St Paul's School, Darjeeling, requesting that Darjeeling may be added to the list of places at which the Entrance Examination and First Examination in Arts may be held.

ORDERED :—

That Darjeeling be added to the list.

15. Read the following proposal by Mr. Woodrow :—

That the successful candidates at the Examinations for Entrance, First Arts, and B. A., be arranged in three classes instead of two classes as at present.

RESOLVED :—

That Mr. Woodrow's proposal be brought forward for consideration at the special meeting of the Syndicate on the 7th July.

MR. SUTCLIFFE.

16. Read again Mr. Woodrow's proposal to divide the successful candidates at the Entrance, First Arts, and B. A. Examinations into three classes, instead of two classes.

RESOLVED :—

1. That Mr. Woodrow's proposal be adopted by the Syndicate, and that the necessary alterations in the Regulations be recommended for sanction by the Senate.

2. That the standard of marks for the first and second classes be one-half, and two-fifths of the entire marks respectively.

17. The Syndicate proceeded to consider the various modes of appropriating Mr. Premchund's donation, which were pro-

posed by individual members: and it was ultimately resolved to submit for the approval of the Senate the following plan:—

I. Five Senior Studentships of Rupees 2000 a year each, to be founded and maintained by the interest of the two lakhs, and its accumulations during the next five years.

II. Any M. A. of the University to be eligible for a Studentship during eight years from the time that he past the Entrance Examination.

III. A Studentship to be tenable for five years, and one election to be made annually after an Examination in February.

IV. Candidates to give notice of intention to appear six months before the Examination, and to select not more than five of the following subjects, each to receive a maximum of 1000 marks:—

1. English.
2. Latin.
3. Greek.
4. Sanscrit.
5. Arabic,
6. History of Greece, Rome, England, and India; and a general view of the History of Modern Europe, from Guizot, Hallam, &c. To include Political Economy.
7. Moral Sciences: viz. Ethics, Mental Philosophy, Logic.
8. Pure Mathematics.
9. Mixed Mathematics.
10. Physical Science.

V. The names of the Senior Students to be printed in the Calendar after the Fellows, and after them the names of the Ex-Senior Students.

It was also resolved—That the Government of India be requested to transfer to the Secretary of the Bank of Bengal the two lakhs of Rupees, for the purpose of being invested in 5 per

cent. Government Securities, in the name of the Chancellor, Vice-Chancellor, and Fellows of the Calcutta University, and that the Securities be retained by the Bank of Bengal for safe custody, and the interest credited to the Registrar's account from time to time.

18. The Faculty proceeded to consider the following proposal by Mr. Woodrow :—

That the successful candidates at the Examinations for Entrance, First Arts, and B. A. be arranged in three classes, instead of two classes, as at present.

The proposal was adopted by the Faculty.

19. The Faculty proceeded to consider a proposal by the Syndicate to alter the present form of Entrance Certificate by

inserting after the words "Calcutta University" the following:

That there is in my opinion a reasonable probability of his now passing it.

Read a Minute, by His Honor the Lieutenant-Governor of Bengal, on the result of the last Entrance Examination (para. 11 of Minutes of the Syndicate, No. 2 for 1866).

The following amendment was proposed by the Rev. J. Barton, and seconded by the Rev. W C. Fyfe—

That the form of certificate remain as at present, and that the Syndicate be recommended to issue a circular laying before Managers and Head Masters of all Schools, who propose to send in candidates, the facts stated in His Honor the Lieutenant-Governor's Minute, and enjoining them only to send in candidates whom they believe to be fit.

The amendment was put to the vote, and lost.

The original proposal was then declared to be carried.

Read also Resolution of the Syndicate, thankfully accepting the proposed scholarships, on behalf of the University, on the terms laid down in the Committee's proceedings.

Proposed by the Lord Bishop and seconded by the Rev. K. M. Banerjea—

That the Senate accept this benefaction from the subscribers of the Duff Memorial Fund.

The proposal was carried unanimously.

21. Read the following proposal by Mr. Woodrow :—

That the successful candidates at the Examinations for Entrance, First Arts and B. A. be arranged in three classes, instead of two classes, as at present.

Mr. Woodrow's proposal was adopted unanimously.

22. Read the following Resolution of the Syndicate, passed after reading a Minute by the Lieutenant-Governor of Bengal on the results of the recent University Examinations in Arts (para. 11, Vol. X. of Minutes).

That the Syndicate are of opinion, that it is desirable to impose some check on the admission of Candidates to the Entrance Examination, who are not, in the opinion of their Teachers, likely to pass ; and with this view they recommend, that the following form of certificate be required from Entrance Candidates at all future Examinations, in lieu of that now prescribed by the Regulations.

FORM OF CERTIFICATE.

This Certificate is to be signed by the Principal or Headmaster of the College or School at which the Candidate has been or is being educated, or, if he be a private* student, by the Deputy Inspector of Schools of the District in which he resides.

I certify that the abovenamed Candidate has, to the best of my belief, attained the age of 16 years, that, I know nothing against his moral character, that he has not already passed the Entrance Examination of the Calcutta University, that there is in my opinion a reasonable probability of his now passing it, and that he has signed the above application.

The 186 . }

Proposed by the Lord Bishop and seconded by Mr. Sutcliffe—

That the form of certificate recommended by the Syndicate for Entrance Candidates be adopted.

The following amendment was proposed by Kumar Hurendra Krishna :—

That after the words "and that he has signed the above application" the following be added—

"and has studied under me for the last three months."

The amendment was put to the vote, and lost.

The original proposal was then put to the vote, and carried.

23. Read letter No. 1334, of 31st May, from the Under-Secretary to the Government of India, giving an extract from a letter received by the Government of India from Mr. Premchand Roychand.

With reference to this letter, the Lord Bishop proposed for the consideration of the Senate the following plan for appropriating the proceeds of Mr. Premchand's donation, which had been approved by the Syndicate :—

1. Five Senior Studentships of Rupees 2000 a year each, to be founded and maintained by the interest of the two lakhs, and its accumulations during the next five years.

* Private Student :—One who has attended at no Educational Institution for six months before the Examination.

2. Any M. A. of this University to be eligible for a Studentship during eight years from the time that he passed the Entrance Examination.

3. A Studentship to be tenable for five years, and one election to be made annually after an Examination in February.

4. Candidates to give notice of intention to appear six months before the Examination, and to select not more than five of the following subjects, each to receive a maximum of 1000 marks.

1. English.
2. Latin.
3. Greek.
4. Sanscrit.
5. Arabic.
6. History of Greece, Rome, England and India; and a general view of the History of Modern Europe, from Guizot, Hallam, &c. To include Political Economy.
7. Moral Sciences:—viz. Ethics, Mental Philosophy, Logic.
8. Pure Mathematics.
9. Mixed Mathematics.
10. Physical Science.

5. The names of the Senior Students to be printed in the calendar after the Fellows, and after them the names of the Ex-Senior Students.

The following amendment was proposed by the Rev. K. M Banerjea—

That the Senate, while approving in its essentials the scheme submitted by the Syndicate with reference to the appropriation of Mr. Premchand's donation, think that the present state of education among the Graduates would not justify its immediate adoption, and resolve that the consideration of that scheme be postponed for ten years; and that in the meantime the proceeds of Mr. Premchand's donation be appropriated agreeably to the following scheme, with power to the Syndicate to make any modification of the details that may appear advisable:—

1. Nine Scholarships of 50 Rupees a month each, to be founded and maintained by the interest of the two lakhs of Rupees.

2. The Scholarships to be awarded annually after the B. A. Examination to Graduates who are eligible for Honors, and to be tenable for one year.

3. Two Scholarships to be awarded to the Graduates who shew the greatest proficiency in Languages, on condition of their prosecuting a course of study for Honors in an affiliated College in any one of the five branches allowed by the University.

4. Two Scholarships to be awarded to the Graduates who shew the greatest proficiency in Mathematics, on condition of their prosecuting a course of study for Honors in an Affiliated College in Mathematics, Pure and Mixed.

5. Two Scholarships to be awarded to the Graduates who shew the greatest proficiency in Natural and Physical Science, on condition of their prosecuting a course of study for Honors in an Affiliated College in Natural and Physical Science.

6. Three Scholarships to be awarded to Graduates who shew the greatest proficiency in all subjects of the Examination taken together, and who may not have received Scholarships under paras. 3, 4 and 5, on condition of their prosecuting a course of study for Honors in an Affiliated College in any one of the five branches allowed by the University.

7. Scholars who are placed in the first class at the Examination for Honors, to receive a donation of 400 Rupees.

8. Scholars who are placed in the second class at the Examination for Honors, to receive a donation of 200 Rupees.

9. The interest of the two lakhs, which may not be appropriated under the preceding rules, to be disposed of in any manner the Syndicate may direct.

10. All Scholarships to be tenable only during good behaviour, and on condition of making satisfactory progress in studies, to be certified monthly by the Principal of the Institution of which scholars are members.

Mr. George Smith moved as a second amendment—

That it is expedient that the munificent donation of Mr. Premchand Roychand should be devoted to the endowment of a chair of the Mathematical and Physical Sciences.

Mr. George Smith's amendment, having been put to the vote, was lost.

The amendment proposed by the Rev. K. M. Banerjee was also put to the vote and lost.

24. The Senate then proceeded to consider the plan submitted by the Syndicate, and it was adopted in the following amended form:—

1. Five Studentships, to be named after the donor, of Rupees 2000 a year each, to be founded and maintained by the interest of the two lakhs and its accumulations during the next five years.

2. Any M. A. of this University to be eligible for one of these Studentships during eight years from the time that he passed the Entrance Examination.

3. Such Studentship to be tenable for five years, and one election to be made annually after Examination.

4. Candidates to give notice of intention to appear six months before the Examination, and to select not more than five of the following subjects, each to receive a maximum of 1000 marks:—

1. English.
2. Latin.
3. Greek.
4. Sanscrit.
5. Arabic.
6. History of Greece, Rome, England and India; and a general view of the History of Modern Europe, from Guizot, Hallam, &c. To include Political Economy.
7. Moral Sciences:—viz. Ethics, Mental Philosophy, Logic.
8. Pure Mathematics.
9. Mixed Mathematics.
10. Physical Science.

5. The names of the Students to be printed in the Calendar after the Fellows, and after them the names of Ex-Students.

Mr. George Smith proposed that the following be added as a sixth clause—

That this plan remain in full operation for five years, and be then reconsidered without prejudice to the claims of existing Students.

The proposal was put to the vote, and lost.

Proposed by the Lord Bishop, and seconded by Baboo Rajendra Lala Mitra—

That the Senate gratefully accept the munificent donation of Mr. Premchand Roychand, and desire that their thanks may be conveyed to him by the Syndicate.

26. Read an application from the Director of Public Instruction of Bengal, for the affiliation of the Gowhatty School in Arts :—

RESOLVED :—

That the affiliation of the Gowhatty School in Arts be recommended for the sanction of His Excellency the Governor General in Council.

27. Read a letter from Baboo Troylokho Nath Mitter, enquiring whether candidates for the degree of Doctor in Law are required to pass the Honor Examination in Law in four subjects at the same time, or whether they are at liberty to take up two subjects at one examination and two others at any subse-

quent examination; also enquiring under what circumstances a candidate will be considered to have practised his profession for a period of five years.

RESOLVED :—

That Baboo Troylokho Nath Mitter be informed, that candidates, who appear at the Honor Examination for the purpose of qualifying for the degree of Doctor in Law, are required to pass in four subjects at least at the same time; but that Graduates, who have passed the Honor Examination at any time in two subjects only, are not precluded from appearing a second time for the purpose of qualifying under the Regulations for the degree of Doctor in Law. Further, that a candidate will be considered to have practised his profession, who has been employed in any Judicial office, or has practised in a court of Law, as an Advocate, Vakeel, or Attorney at Law, for the period of five years.

28. Read proceedings of the Faculty of Medicine (para. 25, Vol. X. of Minutes).

RESOLVED :—

That the Resolution of the Faculty be adopted.

29. Read proceedings of a meeting of the Senate on the 21st July (Vol. X. of Minutes, paras. 21 and 22).

RESOLVED :—

That with reference to the division of the successful candidates at the Examinations for Entrance, First Arts, and B. A.—and also to the alteration in the form of certificate for Entrance candidates, the following letter be addressed to the Government of India :—

No. 660.

To E. C. BAYLEY, Esquire,

Secretary to the Government of India,

Home Department.

Calcutta, the 24th July, 1866.

Sir,

I have the honor, by direction of the Vice-Chancellor and Syndicate, to request that the sanction of His Excellency the Governor-General in Council may be given to the following alterations in the Arts Regulations of the Calcutta University, which have been adopted by the Senate on the recommendations of the Faculty of Arts and the Syndicate.

The first alteration, to which I am to request the sanction of His Excellency in Council, arises from the adoption of the following Regulation:—

"That the successful candidates for the Examinations for Entrance, First Arts, and B. A. be arranged in three classes, instead of two classes, as at present."

By the proposed division of the successful candidates into three classes, it is considered that a better discrimination between the merits of the candidates will be provided than is afforded by the present division. Many appointments are now given away, more particularly in the Educational Department, to candidates who pass in the second class, and there is necessarily a considerable difference in the attainments of those, whose marks place them nearly at the top of the second class, and those who barely pass at all. The proposed subdivision will, moreover, afford a more complete classification of the schools which send up Entrance candidates, and in that view will be a useful guide to Educational authorities.

It is not intended to alter the standard of marks for the first class, but the proposed second class will consist of students who occupy a mean position, as regards marks, between those of the first and third classes.

For readier reference the present regulations for each Exa-

mination are given in the margin, and the following are the amended regulations, which are recommended for His Excellency's sanction—

ENTRANCE EXAMINATION.

7. On the morning of the fourth Monday after the Examination the Syndicate shall publish a list of the candidates who have passed, arranged in two Divisions, each in alphabetical order. Every successful candidate shall receive a certificate in the form entered in Appendix A.

FIRST EXAMINATION IN ARTS.

7. On the morning of the fourth Monday after the Examination, the Syndicate shall publish a list of the candidates who have passed, arranged in two Divisions, the first in order of merit, and the second in alphabetical order. Every candidate shall on passing receive a certificate in the form entered in Appendix A.

BACHELOR OF ARTS.

7. On the morning of the fourth Monday after the Examination, the Syndicate shall publish a list of the candidates who have passed, arranged in two Divisions, the first in order of merit, and the second in alphabetical order.

ENTRANCE EXAMINATION.

7. On the morning of the fourth Monday after the Examination, the Syndicate shall publish a list of the candidates who have passed, arranged in three Divisions, each in alphabetical order. Every successful candidate shall receive a certificate in the form entered in Appendix A.

FIRST EXAMINATION IN ARTS.

7. On the morning of the fourth Monday after the Examination, the Syndicate shall publish a list of the candidates who have passed, arranged in three Divisions, the first in order of merit, and the second and third in alphabetical order. Every candidate shall on passing receive a certificate in the form entered in Appendix A.

BACHELOR OF ARTS.

7. On the morning of the fourth Monday after the Examination, the Syndicate shall publish a list of the candidates who have passed, arranged in three Divisions, the first in order of merit, and the second and third in alphabetical order.

The other alteration to which His Excellency's sanction is solicited, is in the form of the Certificate which Entrance candidates are required to send in, when they apply to be admitted to the Examination. For readier reference, the present form is given in the margin, and the following is the amended form which has been adopted by the Senate :—

CERTIFICATE.

This certificate is to be signed by the Principal or Head-master of the College or School at which the Candidate has been or is being educated, or, if he be a private* student, by the Deputy Inspector of Schools of the District in which he resides.

I certify that the abovenamed Candidate has, to the best of my belief, attained the age of 16 years, that I know nothing against his moral character, that he has not already passed the Entrance Examination of the Calcutta University, and that he has signed the above application.

The 1866. }

CERTIFICATE.

This Certificate is to be signed by the Principal or Head-master of the College or School at which the Candidate has been or is being educated, or, if he be a private† student, by the Deputy Inspector of Schools of the District in which he resides.

I certify that the abovenamed Candidate has, to the best of my belief, attained the age of 16 years, that I know nothing against his moral character, that he has not already passed the Entrance Examination of the Calcutta University, that there is in my opinion a reasonable probability of his now passing it, and that he has signed the above application.

The 1866. }

* Private student :—One who has attended at no Educational Institution for six months before the Examination.

† Private student :—One who has attended at no Educational Institution for six months before the Examination.

The amended form differs from the old form only in requiring Head-Masters to express an opinion as to the fitness of their candidates to undergo examination. The result of the last Entrance Examination shews that a large number of candidates came forward, who could not, in the opinion of their teachers, have had any reasonable expectation of passing, and it is believed that a considerable number wish to come forward at the next Examination, who are no better prepared. The Examination of such candidates is a waste of the Examiners' time, and gives considerable trouble to the University. Moreover the cost of conducting the Examination will be increased materially, if the present system of indiscriminate admission be continued.

On these grounds it is recommended, that the sanction of His Excellency be given to the amended form of Certificate for Entrance Candidates.

I have the honor to be,
Sir,
Your most obedient Servant,
J. SUTCLIFFE,
Registrar.

30. Read also proceedings of meeting of the Senate, paras. 23 and 24, Vol. X. of Minutes.

RESOLVED:—

1. That a letter be addressed to Mr. Premchand Roychand, conveying the acceptance of his munificent donation by the Senate, and forwarding a copy of the plan which has been adopted for its appropriation, also requesting him to state by what designation it is his pleasure that the Studentships should be known.

2. That the Rules for awarding the Studentships be sent to the heads of all affiliated Institutions, with an intimation, that the first Examination will be held early in the year 1868.

31. Read a letter from Messrs. Thacker, Spink & Co. proposing the following prices for the selections in English which they are about to publish—

33. Read the following letter from the Secretary, Bank of Bengal.

Bank of Bengal,
Calcutta, 11*th August*, 1866.
No. 58-3869.

SIR,—With reference to your letters of 10th and 23rd ultimo, Nos. 650 and 656, I have the honor to inform you that I have received from the Government of India, the sum of two lakhs of rupees, and have invested the same, as directed by you, in Government Securities of the 5 per cent. Loan of 1856-57.

The enclosed statement of the investment shows Rs. 2,960-15-1 to be due to the Bank; this amount will, however, be liquidated by the interest which will fall payable on 31st current.

To enable me to realize interest, be good enough to have the accompanying form of Power of Attorney executed by the Chan-

cellor, Vice-Chancellor, and a quorum of the Fellows of the University, and returned to me.

I have further to inform you that the Secretary to the Duff Memorial Fund has handed me Government Securities aggregating, as per list enclosed herewith, Rs. 14,500, and duly endorsed to the University of Calcutta: these are held by the Bank in safe keeping on account of the University.

I have the honor to be,

Bank of Bengal, Calcutta, 11th August, 1866.

The Registrar stated that the Power of Attorney, required by the Bank, had been executed by the Chancellor, Vice-Chancellor and a quorum of the Fellows of the University, and forwarded to the Secretary.

34. Read a letter from Rajah Kally Kissen, Bahadoor, suggesting that the elementary principles of Book-keeping should form part of the Examination for Entrance Candidates; also that the hand-writing of Candidates should be taken into account by Examiners:—

RESOLVED :—

That the Rajah be informed, that the Syndicate do not consider it expedient, at present, to make any alteration in the Standard for Entrance Candidates.

35. Read a letter from Dr. Francis, Principal of the Medical College, representing that Eshan Chunder Roy, a Junior University Scholar in Anatomy, was unable at present from ill-health to prosecute his studies, and requesting that, in consideration of the high character which Eshan Chunder bears in the College, he may be allowed to draw his Scholarship allowance during his absence.

ORDERED :—

That leave of absence for six months without deduction of pay be granted to Eshan Chunder Roy.

36. Read the following letter from the Secretary to the Government of India, sanctioning the alterations in the Regulations proposed in letter No. 660, of 24th ultimo, from this office (Vol. X. of Minutes, para. 29).

No. 3770.

Dated Simla, the 17th August, 1866.

Home Dept. Education.

SIR,—I am directed to acknowledge the receipt of your letter, No. 660, dated the 24th ultimo, submitting for sanction certain alterations in the Arts Regulations of the Calcutta University, appertaining to the Examinations noted in the margin, and to the form of certificate required of Candidates for matriculation.

Entrance Examination; First Examination in Arts; B. A. Examination.

2. In reply, I am directed to intimate that the Governor-General in Council is pleased, under Section VIII of the Act of Incorporation (No. II. of 1857), to approve of the proposed alterations.

I have the honor to be,

SIR,

Your most obedient Servant,

(Signed) A. M. MONTEATH,

Under-Secretary to the Government of India.

Read also letter, No. 3920 of 23rd August from the Government of India, sanctioning the affiliation of the Gowhatty School in Arts from January 1866.

ORDERED :—

To be recorded.

37. Read the following letter from Mr. Atkinson, Director of Public Instruction in Bengal :—

No. 3519.

Dated Darjeeling, the 13th August, 1866.

SIR,—Now that the University has decided to require from Candidates for the Entrance Examination the production of a certificate from an educational authority, stating that there is a reasonable probability of their passing that Examination successfully, it is, in my opinion, desirable that a similar certificate should be required from Candidates for the subsequent Examinations in Arts. Such a measure will, I have no doubt, be useful in strengthening the hands of the College authorities, enabling them to secure more regular attention to study, and to maintain more effectual discipline. With this view, I think the adoption of it desirable in the interest of the Government Colleges, and have reason to believe, that it would be welcome as an improvement by the authorities of other affiliated Institutions. I request that you will lay this letter before the Syndicate, and move them to give an early consideration to the subject of it.

I have, &c.

(Signed) W. S. ATKINSON,

Director of Public Instruction.

ORDERED :—

That Mr. Atkinson's letter be brought forward for consideration at the meeting of the Syndicate in January.

38. Read the following letters from Mr. Willmot, Principal of the Delhi College :—

SIR,—In case of any possible change in the subjects laid down for the Calcutta University B. A. Examination, I forward you

my opinion to file, till such a time as it may be produced with advantage.

I think it would be advantageous to read *the Newton prescribed for the Cambridge three days*, either as additional B. A. subject, or instead of the already prescribed Hydrostatics. My reasons are that "Newton" connects Conic Sections with Astronomy; that Conic Sections (geometrically treated) are a poor subject in themselves, but a capital one as an introduction to Newton, Book III.; that it is desirable that Candidates, who read as high as the Calcutta University B. A. Candidates read, should have some inducement to study the original works of the greatest Physical Mathematician the world has yet produced.

I am,

SIR,

Your obedient Servant

(Signed) E. WILLMOT,

Delhi, September 14*th*, 1866. *P. G. C. Delni,*

SIR,—I have the honor to submit to you my opinion on a matter of detail in the Calcutta University B. A. Course, and to request that you will lay it before the Calcutta University Syndicate.

In the list of subjects for the B. A. Examination, the Mathematical subjects are,

Dynamics,
Hydrostatics,
Astronomy.

And the extra subjects are,

Conic Sections,
Optics.

My suggestion is that after the word Astronomy be read "*and the mathematical subjects already read for First Arts Examination*," and that one or (better) *two* papers be set to B. A. Candidates in Statics, Trigonometry, Algebra and Euclid:

also, that this new rule (if approved) be enforced in the Examination of January, 1868, as no vested interest will thereby be interfered with.

The reasons for the change are, I think, sufficiently obvious, but I will enumerate those that seem most forcible to myself.

I. That in Oxford, Cambridge and Dublin (and perhaps London), the Candidate is required to carry a competent knowledge of the lower subjects through his entire mathematical career. [An entire paper is given to Euclid, and another to Algebra and low Trigonometry in the Cambridge three days.]

II. That the mathematical examination prescribed for the Calcutta University B. A. Degree could be very well passed by a Candidate, who had entirely forgotten his Euclid, Algebra, Trigonometry and Statics: and that such a pass is worth very little.

III. That [at all events in the North West Provinces and Panjab] nearly all our B. A.s become teachers in the Educational Department, and should therefore be up in their lower subjects.

IV. That in two B. A. classes, which have fallen under my notice, I have observed that the lower subjects have been allowed to become entirely forgotten: Candidates naturally, but foolishly, only keeping up their knowledge of such subjects as *pay*.

V. That the proposed change must be desirable for all. For Candidates must be of one of two classes, those that forget their early subjects, and those that remember them; the latter will find no hardship in a re-examination in a known subject; the former will gain by being compelled to refresh their memories.

I am,

Sir,

Your obedient Servant,

E. WILLMOT,

September 14*th*, 1866. *P. G. C. Delhi.*

ORDERED :—

That Mr. Willmot's proposals be considered at the meeting of the Syndicate in January.

39. The Registrar reported that Mr. Barnfather had been kind enough to grant the University the use of the new Post Office for holding the Annual Examinations.

RESOLVED :—

That the thanks of the Syndicate be tendered to Mr. Barnfather, and that should, from any unforeseen circumstances, the building not be available for the University Examinations, the Registrar be authorised to make such arrangements as may be deemed best.

40. The Syndicate proceeded to a re-consideration of the standard for the degree of M. A.

RESOLVED :—

That the Standard for the third class in Honors be adopted as the Standard for the degree of M. A.

41. The following estimate of Receipts and Disbursements for the year 1867-68 was ordered to be forwarded to the Government of India.

43. The Faculty were convened, in order to elect a President and representative in the Syndicate for the rest of the year, in place of the late Right Reverend the Lord Bishop.

Before proceeding to the business of the meeting, the following Resolution was ordered to be recorded :—

"The Faculty desire to record their deep sense of the great loss the University has sustained by the calamitous accident, which has deprived them of their late President, the Right Reverend the Lord Bishop.

"Arriving in India soon after the establishment of the University, His Lordship evinced the warmest interest in its welfare, and, amidst other numerous and pressing demands on his time, ever continued to take a leading part in its councils. His great abilities and literary attainments, his long experience in the work of education, and his kindliness of manner, won for him the respect and esteem not only of his colleagues, but also of the large body of graduates connected with the University.

"The Faculty regard his loss as a public calamity, and feel assured that the memory of his devotion and zeal in furthering the moral and intellectual advancement of India will not soon pass away."

The Ven'ble Archdeacon proposed, that the Rev. K. M. Banerjee be elected President and representative of the Faculty in the Syndicate for the rest of the year.

The Rev. J. Ogilvie seconded the proposal, and it was carried unanimously.

44. Read the following Resolution of the Faculty of Arts at a meeting, convened on 1st November, to elect a President and representative in the Syndicate for the rest of the year, in place of the late Right Reverend the Lord Bishop :—

"The Faculty desire to record their deep sense of the great loss the University has sustained by the calamitous accident, which has deprived them of their late President, the Right Reverend the Lord Bishop.

"Arriving in India soon after the establishment of the University, His Lordship evinced the warmest interest in its welfare, and amidst other numerous and pressing demands on his time, ever continued to take a leading part in its councils. "The Faculty regard his loss as a public calamity, and feel assured that the memory of his devotion and zeal in furthering the moral and intellectual advancement of India will not soon pass away."

RESOLVED :—

That the Syndicate record their entire concurrence in the Resolution of the Faculty, and gratefully acknowledge the valuable services which their late colleague rendered the University.

45. Read proceedings of the Faculty of Arts (Vol. X. para. 43) declaring the election of the Rev. K. M. Banerjee as President and representative of the Faculty in the Syndicate for the rest of the year.

ORDERED :—

To be recorded.

46. Read the following letter from Mr. Prem Chand Roy Chand :—

Bombay, 27th September, 1866.

To the Registrar of the University of Calcutta.

SIR,—In acknowledging the receipt of your letter of 2nd August last with accompaniment, I beg to inform you that I am very sensible of the kind and obliging manner in which the Vice-Chancellor, Syndicate and Senate of the University have accepted my gift, and I desire to acknowledge your courtesy in forwarding to me the plan which has been approved by the Senate, together with the flattering request made at the end of your letter.

I have no wish to direct in any way the name to be given to the scholarships, if that scheme be ultimately adopted. It would certainly give me pleasure, if they should be be named

"*The Premchund Roychund Scholarships*," as suggested in your letter.

But I beg that the University will allow me, before the scholarship scheme is finally sanctioned, to request them to re-consider it with reference to the following observations:—

I always desired and expected that in the words of my letter to the Bombay Government of 10th May, 1866, my money should be devoted to some one large object; or to a portion of some large object; I annex copy of that letter for reference. The Scholarship Scheme seems to me not to be in accordance with that which was the leading idea of my gift, and while I am most anxious not unnecessarily to restrict the action of the University, I yet would suggest that these remarks should be laid before the Syndicate and Senate before the scheme is actually settled and brought into operation.

I am, Sir,
Yours faithfully
PREMCHUND ROYCHUND.
Bombay, May 10th, 1866.

To C. GONNE, ESQ.
Secretary to Government, Bombay.

SIR,—I have the honor to acknowledge the receipt of your letter, No. 122 of the 23rd February last, and its accompaniments; and with reference to the subject of the 2nd paragraph of letter No. 4533, dated 29th November, 1865 from the Secretary to the Government of India, I beg most respectfully to state that it still seems to me that in accordance with Section II. of Act II. of 1857, incorporating the University of Calcutta, my donation should be vested directly and solely in the Body Corporate of the University of Calcutta, as distinct either from the Government of India, or from the Syndicate of that University. And it was with this view that my offer was made in my letter of the 19th January, 1865 "for the acceptance of the Chancellor, Vice-Chancellor and Fellows of the University of Calcutta," inasmuch as by Section VIII. of Act II. of 1857, "the Chancellor, Vice-Chan-

cellor and Fellows for the time being shall have the *entire management* of and superintendence over the affairs, concerns and property of the said University.

It appears to me most expedient for the interests of the University to make my offer as general as possible, and unshackled by any condition, in order that the two lakhs of Rupees might be expended in such manner as the Senate should deem most conducive to the objects of the University, nor should I venture to suggest any restriction now as to the disposal of the money, further than to give expression to the hope I always entertained, that the money should be devoted to some *one large object*, or to a *portion of some large object* for which it might be itself insufficient. Such a desideratum, if at present not felt, will no doubt arise with the development of the University.

I have the honor to be,
Sir,
Your most obedient Servant,
PREMCHUND ROYCHUND.

RESOLVED :—

That a letter be addressed to Mr. Premchund Roychund, stating that the portion of his letter of 19th May, 1866, to the Bombay Government, now referred to, was circulated to Members of the Senate before they met to decide upon the disposal of his munificent donation, and that the Senate, before finally determining to devote it to the establishment of Studentships, had fully considered the question of appropriating it in various other ways, such as in the endowment of a Professorship, or in the erection of a University Library—and that it was clearly the opinion of the Senate, that the disposal of the donation in the foundation of a number of Studentships, which are in the nature of Fellowships at the

English Universities, was, on many grounds, the most useful and most desirable appropriation that could be adopted. Further that the Syndicate, although adhering to the conclusion at which the Senate arrived, nevertheless regret that the plan is not approved by Mr. Premchund Roychund.

47. Read a letter from the Principal of the Berhampore College, representing that certain students of that College had not completed the requisite attendance of 75 per cent. of the working days to enable them to go up to the First Examination in Arts, and requesting that the Syndicate would be pleased to relax the rule for this year.

RESOLVED :—

That the Syndicate cannot under any circumstance sanction the relaxation of the rule in question.

48. Read a letter from the Officiating Principal of the Medical College, recommending that an extension of leave of absence on Medical certificate, without deduction of pay, be granted to Eshan Chunder Roy, University Junior Scholar in Anatomy, from 1st November to the end of the Session.

ORDERED :—

That leave of absence, without deduction of pay, be granted to Eshan Chunder Roy for the remainder of the Session.

51. Read the following letter from Dr. Hawkins, Registrar of the General Council of Medical Education and Registration, London—

General Council of Medical Education and Registration of the United Kingdom, 32, *Soho Square, London, W., 24th September,* 1866.

SIR,

I am directed to acknowledge the receipt of your letter, (No. 643) dated 29th May, 1866, and addressed to the President of the General Medical Council of the United Kingdom, in which you request, by direction of the Vice-Chancellor and Syndicate of the Calcutta University, that the Licenses and Degrees of that University may be considered by the Medical Council to be entitled to be placed on the British Register ; also

to acknowledge the receipt, by Book Post, some time after that of the letter, of a copy of the Calcutta University Calendar for 1866-67. And I am to request you to assure the Vice-Chancellor and Syndicate that these documents will be submitted to the Medical Council at its next General Meeting, which will be in the next year.

Meanwhile, I may be permitted to state that there is no power under the Medical Act (1858) to register any foreign or colonial license or degree whatsoever, which was not obtained before the passing of that Act in October 1858. The Medical Council has, however, earnestly applied to the Government for an amended Act, which if granted by the Legislature, will supply this great deficiency with regard to foreign and colonial degrees and licenses.

52. Read the following report of the Board of Examiners on the result of the Entrance Examination.

Calcutta, 28*th December*, 1866.

SIR,

We have the honor to forward, for the approval of the Vice-Chancellor and Syndicate, the result of the Entrance Examination.

Thirteen hundred and fifty candidates were registered for Examination, and we have passed six hundred and thirty-eight. Of the successful candidates seventy-six have been placed in the first division, two hundred and ninety-eight in the second division, and two hundred and sixty-four in the third division.

The Examination has been conducted in accordance with the rules laid down in our letter of appointment, and we append the names of the successful candidates.

The Registrar having received information two days before the date on which the Examination commenced, which left no doubt that the University packets containing the questions for the Examination at Dacca had been opened in the Calcutta Post office, and portions of the contents abstracted—undertook, with the sanction of the Vice-Chancellor, the preparation of another set of questions, which were printed with all the secrecy and despatch circumstances would permit. After the examination had extended over two days in the old questions, the candidates under examination at Calcutta and Hooghly were informed, that this portion of their examination was cancelled, and during the following four days they were examined in the papers, which had been prepared in supersession of the stolen questions.

The mischief occasioned by the theft of the original questions was, we believe, entirely local. Time did not permit of the questions being circulated to distant stations, and we have not found upon examination of the answers of Mofussil candidates any evidence, which would justify us in recommending a re-examination of these candidates.

We have the honor to be,

SIR,

Your most obedient Servants,

K. M. BANERJEE,

President,

R. Parry, J. Welland, W. B. Livingstone, H. Roberts, Dwarka Nath Chuckerbutty, Brojonath Surma, Raj Kissen Banerjee, Ram Narain Surma, C. V. Bradford, J. Trafford, D. Carnduff, I. Wilson, R. Thwaytes, J. S. Rees, J. Sime, K. S. Macdonald, G. Bellett, L. Veys.

ORDERED:—

That the report be confirmed, and the names of the successful candidates published in the *Gazette*.

53. Read a letter from the Rev. W. Johnson, and the Rev. J. P. Ashton, requesting the Syndicate to consider the case of Kali Prosono Chowdry, a candidate for the First Examination in Arts from the Medical College, who had been expelled from the Examination by the Registrar.

Read also correspondence between the Registrar and the Rev. Mr. Johnson, on the same subject.

RESOLVED:—

That the Syndicate, after a full consideration of all the circumstances, are of opinion, that the case is not one which calls for any interference with the course which the Registrar adopted.

54. The following gentlemen were appointed to conduct the Examination for Honors in Arts and Law—

Rev. W. C. Fyfe, Mr. Willmot,	In English Literature.

OF

THE SYNDICATE,

FOR THE YEAR 1866-67.

No. 8.

The 26th January.

Present :—

THE HON'BLE THE VICE-CHANCELLOR, IN THE CHAIR.
THE REV. K. M. BANERJEA.
MR. ATKINSON.
MR. PARTRIDGE.
THE HON'BLE L. S. JACKSON.
MAJOR CHESNEY.

58. Read the following report of the Board of Examiners on the result of the First Examination in Arts—

Calcutta, 12*th January*, 1867.

SIR,—We have the honor to forward, for the approval of the Vice-Chancellor and Syndicate, the result of the First Examination in Arts.

Four hundred and twenty-six candidates presented themselves for Examination, of whom 14 passed in the first, 44 in the second, and 73 in the third division; thirty-five were absent during the whole or part of the Examination, 8 were expelled from the Examination for using unfair means, and 252 have failed.

The Examination has been conducted in accordance with the rules laid down for our guidance in our letter of appointment.

In our letter of appointment we were told that we were authorized to pass a candidate in the event of his failing by a small number of marks in one subject only, provided the subject was not English, and provided that the aggregate marks gained by him were not less than 166, or one-third of the whole.

Under these exceptions, we have considered the case of all candidates who failed in one subject by not more than 5 marks, and we have allowed one mark for every ten marks above the aggregate minimum passing marks (141) in all subjects.

Ten candidates who failed in one subject were, under the preceding rule, passed in the second and third divisions.

We have the honor to be,

SIR,

Your most obedient Servants,

K. M. BANERJEA,

President.

W. C. Fyfe, K. M. Banerjea, Mohesh Chunder Nyayarutna, Geo. Smith, E. R. Ives, C. B. Clarke, C. W. Hatten, S. Dyson, S. Lobb. *Members.*

ORDERED :—

That the report be confirmed, and the names of the successful candidates published in the *Gazette.*

59. The Duff Scholarships for 1867 were awarded to the following students—

2. Anundoram Burroah, ...Presidency College.
3. Tariny Churn Ghose, ...Free Church Institution.
4. E. Younan, ...St. Xavier's College.

60. Read the following report of the Board of Examiners for the degree of B. A.—

Calcutta, 25th January, 1867.

SIR,—We have the honor to forward herewith, for the information of the Vice-Chancellor and Syndicate, the result of the late B. A. Examination.

One hundred and forty-one candidates applied to be examined, of whom 10 have attained the standard required for passing in the first, 28 in the second, and 22 in the third division,—12 were absent during the whole or part of the Examination, and 69 have failed.

The Examination has been conducted in accordance with the instructions contained in our letter of appointment.

We have the honor to be,

SIR,

Your most obedient servants,

K. M. BANERJEA,

President.

64. Read again Mr. Atkinson's letter, No. 3519 of 13th August 1866, (Minutes Vol. X, para 37,) suggesting that candidates for the first Examination in Arts and the degree of B. A. should be required to produce a certificate from the Principal of the College at which they have studied, stating there is a reasonable probability of their passing the Examination.

RESOLVED :—

That the Syndicate are of opinion, that it is desirable to impose a check on the admission of candidates to the higher University Examinations in Arts, who are not, in the opinion of their Principals, likely to pass, and with this view, they recommend that the following forms of certificates be required, in lieu of those now prescribed by the Regulations—

CERTIFICATE.

This Certificate to be signed by a Principal or Head Master of an Affiliated Institution.

I certify that the above-named Candidate has satisfied me by the production of the Registrar's Certificate that he has passed the Entrance Examination of the University of Calcutta; that I know nothing against his moral

character, that there is in my opinion a reasonable probability of his now passing the First Examination in Arts, and that I believe the subjoined account to be true.

CERTIFICATE.

This Certificate to be signed by a Principal or Head Master of an Affiliated Institution.

I certify that the above-named Candidate has satisfied me by the production of the Registrar's Certificate that he has passed the First Examination in Arts of the University of Calcutta; that I know nothing against his moral character, that there is in my opinion a reasonable probability of his now passing the B. A. Examination, and that I believe the subjoined account to be true.

65. Read the following letter from Major Fuller, Director of Public Instruction, Punjab.

No. 23.

Dated Lahore, 5th January, 1867.

SIR,—I have the honor to suggest that a reference should be made by the Vice-Chancellor and Syndicate of the Calcutta University to the Government of India, with a view to obtaining the formal sanction of His Excellency the Governor-General in Council to such Government Officers, as may be from time to time appointed University Examiners and are not resident in Calcutta, visiting the Presidency on duty, for the week or two that their presence in Calcutta is found essentially necessary for the efficient discharge of their duties as Examiners, provided always that the Local Governments under which the above officers are serving can spare their services, and duly authorize their proceeding to Calcutta for the duty above-mentioned, and that Government is put to no extra expense for deputation or travelling or any other allowances during their absence.

It is often very inconvenient for a Government Officer out of Calcutta, to take his privilege leave for the purpose of going there to discharge his duties as Examiner, and in the case of Principals and Professors of Colleges, it is under the strict letter of existing regulations impossible; for they can only

avail themselves of the regular vacations of their Colleges, which do not fall at the particular time their services as Examiners would be needed in Calcutta. Nor can the Local Governments, strictly speaking, authorize the departure of one of their officers on such a duty, especially if he has to leave his own Province, without obtaining the concurrence of the Supreme Government. Hence I am desirous of seeing a general rule on the subject passed once for all by the Supreme Government, such as I have suggested, which would obviate all difficulties.

I have, &c.

(Signed) A. R. FULLER,
Director P. I. P.

RESOLVED :—

That a letter be addressed to the Government of India, requesting that His Excellency the Governor-General in Council will be pleased to sanction Major Fuller's proposal.

66. Read letter No. 545, of 18th January, from the Government of India, conveying the sanction of His Excellency in Council to the affiliation of the Calcutta Mudressa in Arts from 1st January, 1867.

ORDERED :—

To be recorded.

67. Read again Mr. Willmot's letters (Minutes Vol. X, para. 38) suggesting alterations in the course of Mathematics for the degree of B. A.

Read also the following letters from Major Fuller, and the Officiating Principal of the Lahore College, suggesting alterations in the course of Philosophical study—

No. 38.

Dated Lahore, the 15th January, 1867.

SIR,—I have the honor to forward, for the consideration of the Vice-Chancellor and Syndicate of the Calcutta University, a letter dated December 1866, from Mr. W. Jardine, M. A., LL. B., Officiating Principal of the Lahore Government College

suggesting some alterations in the text books prescribed for Mental and Moral Science at the University Examinations.

2. For my own part, I should be glad to see the number of subjects for the First Arts and B. A. Examinations reduced, by leaving it optional with candidates to take up either Mathematics, or Mental and Moral Science, instead of making it compulsory on them to pass in both. Some of the best students in Literature, History, and Philosophy have no taste for Mathematics, and cannot read the Mathematical subjects required for the First Arts and B. A. with any advantage. Although they are thus debarred from gaining a University degree, they are for nearly all the practical purposes of life, more intelligent and useful men than many who do graduate. Hence the opinion seems to be gaining ground that the effect of the First Arts and B. A. Examinations is simply to mark mediocrity in many subjects, rather than to encourage excellence in a few.

3. Whenever a revision of the subjects and text books for the above Examinations may be thought advisable by the Vice-Chancellor and Syndicate, I shall be happy to submit my views and suggestions on this matter at greater length.

I have &c.

(Signed) A. R. FULLER,

Director P. I. P.

Government College Lahore, December, 1866.

SIR,—You requested me some time since to put my opinion of Abercrombie's works as text books in Mental and Moral Science into a distinct and compendious form, with a view to effect some improvement in the curriculum of the Calcutta University; I have now the honor to state very briefly my most decided objections to the present course of Philosophical study.

You ask my opinion on the expediency of giving up the Philosophical subjects altogether.

Although there would be great advantage in narrowing the field of study for the sake of thoroughness, yet I think these or similar subjects should be retained.

My reasons for this opinion are that this branch of study is interesting to the Native students for its own sake, and is adapted to arouse some thought, whereas the other subjects require rather memory.

Both here and at Delhi the students appear to enjoy the study of Logic and Philosophy, especially the Fallacies in the former subject, and the controversies in the latter. At the same time I think the more difficult subject should be approached by trained minds, and, with this view, I should prefer limiting the 1st Arts Examination to Logic only, and making the higher subjects of Mental Philosophy and Ethics a part of the B. A. Examination only. It would be still better to give these latter subjects up, and substitute for them a more thorough Examination in Logic and the Elements of Political Economy. The latter subjects having attained a higher degree of certainty, it is comparatively easy to select compendious text books, whereas the present subject cannot be fairly taught without opening up interminable controversies, and forcing upon the students the perusal of many volumes of conflicting theories.

2. Supposing, however, that the present branches of study are to be retained, the choice of books must be made upon one of two principles. Since we are necessarily limited to one or two small volumes, we must either prescribe such books as may accord with our own views, or we may try to select treatises which express the prevailing opinions of our time. Considering how few of the persons, who have to select the books, can be expected to have made philosophy their serious study, it is probable that they will generally be guided by the one or two who are supposed to be most deeply versed in it. In a science so unsettled as Philosophy at present is, I conceive such a system to be ill adapted to secure the interests of truth, unless the choice is made upon the express principle of representing the general views of Western Philosophy. The circumstances to which I have alluded, show how utterly unfit Abercrombie's works are for the purpose; but at the same time they suggest

the difficulty, which there will undoubtedly be, in finding substitutes. There may be said to be two schools of Philosophy in England which ought both to be represented, and probably no one book could be found which would give a fair expression of both views. The University of Cambridge, to escape from this difficulty, prescribed for the Moral Science Tripos, a long list of works by standard writers of all schools. But as this was done for an Honor Examination, it is not to be drawn into a precedent for a Pass examination. The Senate of the University of London discussed the same question about seven years ago, with reference to the B. A. Examination. They decided that it was fairer and better to leave to the teachers the choice of books, and to require from the candidate for B. A. such a knowledge as could be acquired by fair attendance on a course of lectures during one year. This plan has been found to work well, and is, in my opinion, the best that could be adopted in the University of Calcutta. So long as a book is named, the students will read nothing else, and it is a penance to a teacher to have to follow the ramblings of Dr. Abercrombie and Payne.

3. In Logic a very good course would be—

1st year—Whately's Logic to page 81 in the common Edition.

2nd year—A tract, entitled "Logic," in Chambers's Information for the people, published separately at 1½ *d.*, and Thomson's Laws of Thought.

3rd year—Parts of Mill's Logic.

In Mental Philosophy, if books must be named, I would suggest as expressions of opposing views—Tract on "the Human mind" in Chambers's Information for the people, published separately at 1½ *d.*—Selected parts of Sir W. Hamilton's Metaphysics. The two tracts I have referred to have the merit of cheapness combined with accuracy and clearness. That on Logic is an admirable abridgment of Mr. Mill's work.

4. It may be as well to recapitulate my special objections to Abercrombie's books, and in a slightly less degree to Payne's.

They are not standard works. They are not appealed to as authorities or opposed as an important enemy, or used in English Universities as an impartial account of the present state of Philosophical Knowledge. Dr. Abercrombie's books were intended for a special purpose, viz. the instruction of Medical students; and in fact one sixth of the book is on Medical Science and nearly one third more consists of anecdotes, chiefly medical, about dreaming, insanity, somnambulism, &c. Thus about one half of the work is composed of matter wholly foreign to the general subject of Mental Philosophy. This fault would be more excusable, if the remaining half had been accurate or scientific. But in both respects it is bad. Abercrombie gravely says that Idealism is extinct, and gives a most absurd definition of so common a word as Analogy. He classifies fallacies under 16 heads, which might as well have been 60. He confounds justice and benevolence in Section II. Part I. of his Moral Philosophy, in such a manner that I have never found a student who could understand what distinction Abercrombie meant to draw between those two affections. And these are only examples of the general style of the books. To this it must be added, that they are utterly wanting in candour towards hostile doctrines, and that the way in which Christianity is dragged forward, is, if not unscientific, at least contrary to the generally recognised theory of Government education. The students in fact do regard the use of these books as a breach of the Government neutrality in religious matters. Indeed all who care for truth more than their own opinions, will doubt the expediency of confining the studies of pupils to books so one-sided, and compelling the Professors to teach or pretend to teach opinions with which they must in many instances entirely disagree. I should remark that the Principals of the Lahore and Delhi Colleges (Dr. Leitner and Mr. Willmot) entirely agree with me in condemning Abercrombie and Payne as text-books. I am of course alone responsible for the detailed opinions above expressed.

(Signed) WILLIAM JARDINE.

RESOLVED :—

That the Syndicate are of opinion, that the consideration of the alterations suggested in these letters should be deferred till next year, when it is expected a Committee will be appointed to revise the standards of Examination generally.

68. The Syndicate proceeded to consider a proposal by Mr. Atkinson to give pupil teachers in Government Training schools the privileges of schoolmasters, as regards admission to the First Examination in Arts.

RESOLVED :—

(1.) That the privileges of schoolmasters be conceded to pupil teachers in Government Training Schools, on condition of their having served for a full period of 2 years as pupil teachers or schoolmasters after passing the Entrance Examination.

(2.) That the certificates of pupil teachers be countersigned by the Director of Public Instruction.

69. The Syndicate proceeded to consider a proposal by Mr. Atkinson to impose some check on the admission of private students to the Entrance Examination.

RESOLVED :—

That the certificates of private students, who desire to present themselves at the Entrance Examination, must be signed either by the Principal of an affiliated College or by a Government Inspector of Schools, and that such certificates must be forwarded to the Registrar not later than the 31st October.

70. The Syndicate proceeded to consider a proposal by Mr. Atkinson for establishing some uniform method of spelling native names of persons and places.

RESOLVED :—

That in the opinion of the Syndicate, it is desirable that steps should be taken to secure the adoption of a uniform system for the spelling of Indian proper names in the

Roman character, and that the Faculty of Arts be accordingly requested to consider and report upon the subject.

71. Read a letter from Baboo Chuckun Lall Roy, offering to give a gold medal worth 200 Rs. at the B. A. Examination of 1868, to the candidate who may be placed first in the list of successful candidates.

RESOLVED :—

That whilst the Syndicate would be glad to receive funds for the establishment of prizes or scholarships of a permanent character, they do not consider it desirable to encourage donors to come forward for the award of temporary prizes.

72. The following gentlemen were appointed Members of the Sub-Committee for selecting subjects in languages—

Rev. W. C. Fyfe.
Rev. J. Ogilvie.
Rev. J. Barton.

73. The Rev. K. M. Banerjea gave notice of his intention to submit a proposal for modifying the present rules for conducting the higher Examinations in Arts.

74. The following bills of contingencies were passed :—

OF

THE FACULTY OF ARTS,

FOR THE YEAR 1866-67.

No. 2.

The 19th February.

Present:—

THE REV. K. M. BANERJEA, *in the Chair.*
THE HON'BLE A. EDEN.
REV. W. C. FYFE.
REV. J. OGILVIE.
BABOO ROMA NATH TAGORE.
BABOO RAJENDRA LALA MITRA.
MR. ATKINSON.
REV. J. BARTON.
REV. E. C. STUART.
MOULOVI ABDOOL LUTEEF KHAN BAHADOOR.
BABOO RAM CHUNDER MITTER.

75. The Faculty proceeded to consider a proposal by Mr. Atkinson to add the following words to the certificate, which candidates for the First Examination in Arts are required to produce:—

"That there is, in my opinion, a reasonable probability of his now passing the First Examination in Arts."

Also a proposal by Mr. Atkinson to add the following words to the certificate, which candidates for the B. A. Examination are required to produce:—

"That there is, in my opinion a reasonable probability of his now passing the B. A. Examination."

It was moved by the Rev. W. C. Fyfe, and seconded by the Rev. J. Ogilvie—

That Mr. Atkinson's proposals with reference to the alterations in the certificates of First Arts and B. A. candidates be adopted.

The resolution was carried.

76 The Faculty proceeded to consider the following resolution of the Syndicate :—

"That the certificates of private students, who desire to present themselves at the Entrance Examination, must be signed either by the Principal of an affiliated College, or by a Government Inspector of Schools, and that such certificates must be forwarded to the Registrar not later than the 31st October."

It was moved by the Rev. W. C. Fyfe and seconded by Mr. Atkinson—

That the resolution of the Syndicate be adopted.

Baboo Rajendra Lala Mitra proposed the following amendment :—

That the word "either" be omitted, and that after "schools," the words "or the Head Master of a Government Zillah School" be added.

The amendment was put to the vote and lost.

The original resolution was then declared to be carried.

77. The Faculty proceeded to consider the following resolution of the Syndicate—

"That, in the opinion of the Syndicate, it is desirable that steps should be taken to secure the adoption of a uniform system for the spelling of Indian proper names in the Roman character, and that the Faculty of Arts be accordingly requested to consider and report upon the subject."

It was proposed by Mr. Atkinson—

That a Sub-Committee consisting of the Rev. K. M. Banerjea,

Major Lees, Baboo Rajendra Lala Mitra, Baboo Peary Chand Mitter and Moulovi Abdool Luteef Khan Bahadoor be appointed to consider and report upon the questions involved in this resolution.

The proposal was adopted.

78. The Faculty proceeded to consider the question of requiring candidates for Honors to pay a fee of 50 Rs. for admission to the Examination.

It was moved by Mr. Atkinson, and seconded by Baboo Roma Nath Tagore—

That candidates for Honors be required to pay a fee of 50 Rs. for admission to the Examination.

Carried unanimously.

J. SUTCLIFFE,
Registrar.

88. The Hon'ble the Vice-Chancellor then addressed the Senate and Graduates as follows:—

GENTLEMEN,

My tenure of the office of Vice-Chancellor of this University will terminate in a few days. It would have ended much sooner,—indeed as soon as it became apparent that the connection of the Government of India with Calcutta was not likely to be continued through the whole year,—but for one single circumstance. It so happened that the late Bishop of Calcutta was able to be present in this city, and to serve on the Syndicate, during most part of my absence, and it was he who discharged practically the duties of Vice-Chancellor, duties which ordinarily are not very onerous or important. There was one special advantage in the arrangement. Nobody could doubt that the late Bishop, from his great learning, and from his great experience in education, had strong claims to the office which I have filled. But I believe that he had not made up his mind whether it was expedient that the office should be held otherwise than by a layman; and thus we seemed to avoid precipitating a question which cannot perhaps be solved without some degree

of heated feeling. Having said this, I have in part discharged the duty which is imposed on the Vice-Chancellor on these occasions, by general expectation, of noticing the principal events in the academical history of the year. The chief event is one of unqualified sadness, the loss of the Prelate of whom I have been speaking. Gentlemen, four years ago, on the first occasion of my addressing a meeting like this, I had to lament the departure from among us, happily not the death, of another clergyman who exercised great influence on this Institution during its infancy, —Dr. Duff. Gentlemen, since this phenomenon, of great influence exercised over this University, which of course is intended mainly for non-Christian races, by European gentlemen of great personal authority, but of deep devotion to their faith in Christianity—since this phenomenon has not probably occurred for the last time, it is worth while enquiring what the character of that influence has practically been. Gentlemen, Dr. Cotton and Dr. Duff belonged, so to speak, to the opposite poles of the British religious system. Dr. Duff was the voluntary emissary of a great unendowed religious body—Dr. Cotton was the chosen representative of a great hierarchy. Yet now, when I wish to speak of one, I am unable to find any other words than those which I used four years since of the other, and it is a relief to me not to have to seek for new words. Of the late Bishop of Calcutta, I may also say that "believing his own creed to be true, he believed it to possess the great characteristic of truth,—that characteristic which nothing else except truth possesses—that it can be reconciled with everything else which is also true." And it is equally true of him that "he united the energy which springs from religious conviction, with the most absolute fearlessness in encouraging the spread of knowledge." Gentlemen, it is possible that more justice could have been done to the memory of the Bishop of Calcutta by some one in this place who knew him less intimately than I did. At present I only call on you to recognize, from consideration of these two conspicuous examples, how little the comprehensiveness and liberality of our

system have to fear from deep faith and intense enthusiasm, when combined with commensurate intellectual strength.

Gentlemen, on this the last occasion of addressing you, I am not sure that I can do more than state what I have stated so many times, my belief in the great future which is reserved for this institution, and for the other Indian Universities. At present we cannot of course point to much of tangible and visible effect on the mass of the Native community. This University is less than ten years old, and it takes many times ten years for the seed sown by institutions like this to fructify. It is, at all events, clear that a very extraordinary stimulus is being given to the Native mind. The very number of names in our registers shows this, for even though it were true that the knowledge tested by our examinations was of the slightest kind, yet under the circumstances of India, the very diffusion of even slight knowledge over such multitudes of minds would be a fact of the utmost interest and importance. But it is not true, I am sorry I have to repeat the thing so many times, but it is not true that the knowledge which is diffused under the influence of this University is slight or superficial, except in a sense in which the proposition might be advanced of any University in any European country. Of course, as regards those who merely seek to satisfy the minimum test of examination, it may be said, as it may be said of the same class of students everywhere else, that they are not animated by any deep devotion to knowledge. But we are entitled to be judged by the performances of those who aim at our highest distinctions, and of those performances it is no exaggeration, but simple truth, to say they are rapidly approaching the highest European standards. I will give you some examples. Probably the Cambridge standard of mathematics is the highest in the world. The Senior Wrangler, for his years, (a qualification which of course it is necessary to make,) is probably the most accomplished mathematician in Europe. Now, I have it on the authority of the Examiner, who did not himself fall far short of the highest Cambridge standard, that

our first Bachelor of Arts, who obtained the first of the new scholarships, would, if he had continued his course of studies a little longer, have come very close to the level of the Senior Wrangler. Again, probably the Oxford standard of philosophy, considering the youth of those who are expected to satisfy it, is about as high as any in the world. Again, I have it on the authority of an Examiner similarly qualified, that there is one of our new Masters of Arts, whose performances would do credit to the flower of the Oxford Schools. I know, indeed, that mathematics and metaphysics are branches of thought for which the Native mind has a special affinity; but the fact remains that the standard which has been reached is strictly European. I said before that for results on the community outside, it is too early to look. But still there are some of these results showing themselves. I will take one class of them within the sphere of my own profession, both because I can perhaps appreciate them better than I can others, and because the tests of judicial capacity are at least as strict as those of any other form of intellectual acquisition. Within the last few months, I have heard from several Judges of both High Courts established in Northern India, that they are getting to be exceedingly embarrassed by the superiority of the younger Judges. I suppose many of you know that the Indian system of Appeal proceeds on the assumption that each Judge, beginning with the lowest, is inferior in judicial capacity to the Judge above him who modifies his decision. But it appears now that in some of the younger Judges familiarity with legal principle makes up for lack of experience; and thus the decision of the lower Judge is apt to be better than that of the Judge who modifies or reverses his judgment. Now, what explanation can be given of this phenomenon? Surely none except that the legal education ultimately determined by our Law Faculty is beginning to produce effects. Of the other professional Faculties I cannot speak with equal confidence, but I shall be very much surprised indeed, if those who are familiar with them do not find the same results exhibiting themselves.

As to the Faculty of Arts, which is our largest Faculty, it is of course not possible to make a similar statement about it, because the criteria to be applied are, from the necessity of the case, not so strict. It is difficult to furnish accurate or precise proof of advance in general culture and morality. Perhaps it is for this reason that the course followed in the Faculty of Arts is giving rise to more division of opinion than any other. I myself, on a former occasion, expressed an opinion that whenever the time comes for any change in the course of examination—and I trust it will not come soon, for all breaks in the continuity of University history, all interruptions in the intellectual pedigree of our graduates, are to be avoided if possible—that, whenever the time does come, a greater infusion of physical science is desirable, on account of the corrective influences which it is likely to exert on certain faults, perhaps, I should rather say, on certain excesses, of the Native intellect. On the other hand, I cannot disguise from myself that the Faculty is exposed to criticism from the opposite point of view. It begins to be imputed to us that this University, and the whole system of Indian State-education generally, provide too scantily for purely Oriental culture, and recognise too grudgingly the achievements of Eastern literature and Eastern thought. I by no means say that there is nothing in the complaint, and, if ever it be possible to throw the knowledge we communicate into more decidedly Oriental forms, not only do I think that the change will be innocent, but I am sure that the propagation of knowledge will proceed with vastly augmented rapidity. But after all, Gentlemen, the question has not greatly shifted from the shape in which it presented itself to Lord Macaulay and the founders of modern education in India: that question is whether we are, or are not, asked, under the guise of Oriental culture, to teach that which is not true—false morality, false history, false philosophy, and false physics. I can only speak at second-hand, but I allow Oriental literature to be so grand, and Oriental thought to be in some respects so remarkable, that the races to which they have descended have what

may be called a right to their recognition. Nothing indeed has a higher right except one thing, and that one thing is Truth. The merely literary form in which knowledge is conveyed is in itself a small matter, and getting to be of less importance every day; the one essential consideration is the genuineness of the knowledge itself—the question whether it is a reality or a pretence. For myself I must confess that I do not see that the modes and courses of teaching followed in India can safely be further orientalized at present; and I fear that the greater affinity and sympathy which we are called upon to exhibit for Eastern thought would be purchased by the sacrifice of that truth, moral, historical, and physical, which will one day bind together the European and Asiatic minds, if ever they are to be united. But I most fully admit that the danger is diminishing, and that some day the number of truths accepted and established in India may be so great as to render idle any apprehension of the form in which they are clothed and conveyed. Meantime, I earnestly beg my Native hearers to believe that this claim to absolute superiority for Western knowledge, to which I believe it necessary at present firmly to adhere, is not advanced in the mere arrogance of national pride. I am aware that many cultivated Native gentlemen, scholars renowned not only among their own countrymen but in Europe, are openly or secretly revolted by the pretension of a branch of the Indo-European family, which is one of the youngest in civilization, to come and bid one of the oldest to sit at its feet and learn. And no doubt the pretension is sometimes put forward with intolerable arrogance. But the truth is, that the mind of India is undergoing a process without which all civilizations, young or old, are ultimately worthless. The language habitually employed in Europe—and more than ever employed since the rise of that cant about nationality and race, which promises to flood the world with false history, almost as much as it threatens to deluge it with blood—conceals the fact that, with one single exception, no race or nationality, left entirely to itself, has developed any intellec-

tual result which is valuable or durable, except perhaps poetry. Not one of all those intellectual achievements which we regard as characteristic of the great progressive races of the world—not the law of the Romans, not the philosophy and sagacity of the Germans, not the luminous order of the French, not the political aptitude of the English—would ever have come into existence, if those races had been left to themselves. To one small people, covering, in its original seat, no more than a hand's-breadth of territory, it was given to create the principle of progress, of movement onwards and not backwards or downwards, of destruction tending to construction. That people was the Greek. Except the blind forces of Nature, nothing moves in this world which is not Greek in its origin. A ferment spreading from that source has vitalized all the great progressive races of mankind, penetrating from one to another, and producing, in each, results accordant with its hidden and latent genius, and results of course often far greater than any exhibited in Greece itself. It is this principle of progress which we English are communicating to India. We did not create it. We deserve no special credit for it. It came to us filtered through many different media. But we have received it, and, as we have received it, so we pass it on. There is no reason why, if it has time to work, it should not develope in India effects as wonderful as in any other of the societies of mankind. Having said this, I may be believed when I say, in conclusion, that I shall always feel, with respect to this University, and Native education generally, the deepest interest in what is perhaps the most remarkable experiment among the many remarkable experiments which my countrymen are trying in India.

It was moved by Raja Kally Krishna Bahadoor, and seconded by the Rev. K. M. Banerjea—

That the report be approved and adopted.

The motion was carried.

107. The Senate proceeded to consider, on the recommendation of the Syndicate and the Faculty of Arts, a proposal to adopt the following form of certificate for candidates for the First Examination in Arts, in lieu of that now prescribed by the Regulations :—

This Certificate to be signed by a Principal or Head Master of an Affiliated Institution.

I certify that the above-named Candidate has satisfied me, by the production of the Registrar's Certificate, that he has passed the Entrance Examination of the University of Calcutta, that I know nothing against his moral character, that there is, in my opinion, a reasonable probability of his now passing the First Examination in Arts, and that I believe the subjoined account to be true.

Also a proposal to adopt the following form of certificate for Candidates for the B. A. Examination, in lieu of that now prescribed by the Regulations :—

This Certificate to be signed by a Principal or Head Master of an Affiliated Institution.

I certify that the above-named Candidate has satisfied me, by the production of the Registrar's Certificate, that he has passed the First Examination in Arts of the University of Calcutta, that I know nothing against his moral character, that there is, in my opinion, a reasonable probability of his now passing the B. A. Examination, and that I believe the subjoined account to be true.

It was proposed by the Rev. J. Barton and seconded by the Rev. W. C. Fyfe—

That the preceding forms of Certificate be adopted.

The proposal was carried.

108. The Senate proceeded to consider the following Resolution by the Syndicate :—

"That the certificates of private students, who desire to present themselves at the Entrance Examination, must be signed either by the Principal of an affiliated College, or by a

Government Inspector of Schools, and that such certificates must be forwarded to the Registrar not later than the 31st October."

It was moved by Mr. Partridge and seconded by Rajah Kally Krishna Bahadoor—

That the Resolution be approved and adopted.

Baboo Rajendra Lala Mitra proposed the following amendment:—

That the word "either" be omitted, and that after "Schools" the words "or the Head Master of a Government Zillah School" be added.

The amendment was put to the vote and lost.

The original resolution was then declared to be carried.

109. It was moved by Kumar Harendra Krishna, Rai Bahadoor, and seconded by Mr. Partridge, that the following clause be added to the Regulation for Honors in Arts:—

"A fee of Rs. 50 shall be payable by each candidate. No candidate shall be admitted, unless he shall have paid this fee to the Registrar. A candidate who fails to pass or present himself for Examination, shall not be entitled to claim a refund of the fee."

The motion was carried.

110. Rajah Kally Krishna Bahadoor proposed, and the Hon'ble L. S. Jackson seconded the re-appointment of Mr. Sutcliffe as Registrar.

Carried unanimously.

REPORT OF THE SYNDICATE ON THE BUSINESS OF THE YEAR 1866-67.

The usual Examinations have been held during the year in Arts, Law, Medicine, and Civil Engineering.

The names of the successful candidates will be found in the printed minutes of the Syndicate, and a tabular statement is appended, shewing the general result and affording a comparison with the results of former years.

Soon after the result of the Examination of Entrance candidates in 1865 was published, Sir Cecil Beadon drew the attention of the Syndicate to the fact that, out of 1500 candidates, only 510 had passed, and suggested that some check should be imposed on the admission of candidates to future Examinations, who were not likely to pass. The Syndicate concurred in thinking it desirable to exclude from the Examination candidates, of whom there was no reasonable likelihood that they would pass; and recommended that the form of certificate for admission to the Examination should be altered in such a manner, as to require from Teachers an expression of opinion as to the fitness of their candidates to undergo Examination. In accordance with the recommendation of the Syndicate, the Faculty of Arts and, subsequently, the Senate adopted the form of certificate for Entrance candidates, which is given at page 20 of the Minutes. At the same time a proposal to divide the successful candidates at the Entrance, First Arts and B. A. Examinations into three classes, instead of two classes, was adopted. The standard of marks for the first class has not been altered, but the second class consists of students, who occupy a mean position, as regards marks, between those of the first and third classes. This sub-division of successful candidates will not only afford a better discrimination between the merits of those who pass, but will also aid Educational Authorities in classifying the Schools in their respective provinces.

The new form of certificate for Entrance candidates was required at the Examination of this year, and, as might have been anticipated, fewer candidates were sent up. There were 1,350 candidates, of whom 638 passed, 48 were absent, and 664 failed. Of the passed candidates 76 were placed in the first class, 299 in the second, and 263 in the third class. Of the 664 candidates who were rejected, 530 failed in English, 91 in the second language, 359 in History and Geography, and 346 in Mathematics.

For the First Examination in Arts there were 426 candidates, of whom 131 passed, 43 were absent, and 252 failed. Of the passed candidates, 14 were placed in the First class, 44 in the second, and 73 in the third class. Of the rejected candidates, 147 failed in English, 96 in the second language, 174 in History, 155 in Mathematics, and 136 in Philosophy.

There were 141 candidates for the degree of B. A., of whom 60 passed, 12 were absent, and 69 failed. Of the successful candidates, 10 were placed in the first class, 28 in the second, and 22 in the third class. Of the rejected candidates, 29 failed in English, 2 in the second language, 37 in History, 41 in Mathematics, 48 in Mental and Moral Science, and 24 in the optional subjects.

These results shew a higher percentage of failures at both the higher Examinations in Arts than last year.

The Syndicate have, therefore, deemed it desirable to propose an alteration in the form of the certificate of candidates for these examinations, which will enable Heads of affiliated Colleges to keep back candidates, who are not, in their opinion, likely to pass. The Faculty of Arts have approved of the change, and it is now submitted to the Senate for their sanction.

There were 31 candidates for Honors in Arts, of whom 18 passed—5 being placed in the 1st class, 6 in the second class, and 7 in the third class, and 4 were absent.

There were also 8 candidates for the degree of M. A, of whom 4 passed.

At the Examination in Law there were 53 candidates, of whom 22 were passed for the degree of Bachelor in Law, and 14 for a Licence. Of the latter 5 were subsequently declared to be entitled to the degree of B. L., under Clause 7 of the B. L. Regulations.

Two candidates appeared for Honors in Law, and one of them passed in Mercantile Law and in International Law.

At the examination for a Licence in Civil Engineering there were 9 candidates, all of whom failed.

There were 46 candidates for the First Examination in Medicine, of whom 18 passed in the second division. At the Second Examination in Medicine and Surgery, there were 20 candidates, of whom 6 were passed in the first division and 11 in the second.

Mr. Premchand Roychand's munificent donation of two lakhs of rupees has been invested in 5 per cent. Government securities, and, at a meeting of the Senate on the 21st July, a plan for the appropriation of the proceeds of this endowment in the foundation of Studentships, to be named after the donor, was adopted. The details of the scheme are given at page 23 of the Minutes.

The Committee of the Duff Memorial Fund offered to transfer the money in their hands to the University for the purpose of founding four Scholarships, to be awarded upon the result of the First Examination in Arts, and the Senate have accepted this benefaction from the subscribers.

Certain alterations in the course of study in Mathematics and Philosophy have been suggested by the Principal of the Delhi College (page 37 of Minutes,) and the Officiating Principal of the Lahore College (page 74 of Minutes). The Syndicate decided to defer the consideration of the changes suggested in these letters till next year, when it is their intention to submit them for the consideration of the Faculty of Arts.

The Syndicate have referred to the Faculty of Arts, for consideration and report, the question of introducing some uniform system for the spelling of Indian proper names in the Roman

character, and a Sub-Committee of the Faculty has been appointed to make a report.

The Syndicate have conceded to pupil teachers in Government Training Schools, on condition of their having served for a full period of two years as pupil teachers or schoolmasters after passing the Entrance Examination, the privileges of schoolmasters, as regards admission to the First Examination in Arts. The certificates of such candidates must, however, be countersigned by the Director of Public Instruction.

The present system of admitting private students to the Entrance Examination, upon certificates signed by Deputy Inspectors of Schools, has not been found to check the admission of candidates, who are quite unfit to go up to the Examination, and the Syndicate propose to require that such certificates, in future, be signed by the Principal of an affiliated College, or by one of the Inspectors of schools, and the sanction of the Senate to this change is now solicited.

The question of levying a fee for admission to the Examination of Honors in Arts has been considered, and, with the approval of the Faculty of Arts, it is proposed that a fee of 50 rupees be payable for admission to all future Examinations.

The following gentlemen have been appointed Fellows of the University by the Governor-General in Council—

Lieutenant-Colonel C. H. Dickens, R. A.
Lieutenant-Colonel J. E. T. Nicolls, R. E.
A. J. Payne, Esq., M. D., B. A.
J. Ewart, Esq., M. D.
Whitley Stokes, Esq.
S. Power, Esq.
H. F. Blanford, Esq.
Baboo Bhoodeb Mookerjee.
Baboo Prossunno Coomar Surbadhicarry.

The following Institutions have been affiliated to the University in Arts:—

Gowhatty school.

Anglo-Persian Department of the Calcutta Madressa.

Darjeeling has been added to the list of places, at which the Entrance Examination may be held.

The Syndicate desire to take this opportunity of recording the sorrow which they have felt at the great loss, which the University has sustained by the premature death of the Lord Bishop of Calcutta. This is not the place for a detailed enumeration of the many excellent qualities by which the late Metropolitan was distinguished. But, in common with all who ever had official relations with Bishop Cotton, the Syndicate had frequent occasion to observe and admire his ready solution of difficult questions, his conciliatory and generous spirit, his ripe and varied experience, and his large and liberal treatment of all matters arising out of the great objects of University education. The Syndicate, therefore, desire that this imperfect testimony to the memory of Bishop Cotton be placed on record in their Minutes.

The Hon'ble H. S. Maine has retired from the Vice-Chancellorship, having discharged the duties of that office for double the period for which it is ordinarily held. Mr. Maine's extensive and varied information, his correct and classical habits of thought and speech, and his familiarity with the scope, object, and details of the Uuiversity system prevalent in England, singularly qualified him to preside over the University of Calcutta. These eminent qualities have been repeatedly acknowledged by the Government, and by the public interested in the progress of education, and the Syndicate cannot allow this occasion to pass, without formally placing on record their testimony to the great value of Mr. Maine's services during the term of his high office, extending over the past four years.

The Hon'ble W. S. Seton-Karr has been appointed by the Governor General in Council to succeed Mr. Maine as Vice-Chancellor.

The Syndicate for the coming year is constituted as follows :—

Rev. K. M. Banerjea,
Mr. W. S. Atkinson, } In Arts.
